SPECIFICATIONS

SL-11 Case Top Assembly

- SL-11 case top assembly with HGS-5515 male screw fit connector
- Fully compatible with INOVA's G3i and Hawk land seismic acquisition systems
- Used to build three channel digital sensor strings
- The SL11 is the lightest and smallest digital sensor in the industry today, specifically engineered to deliver maximum operational efficiency for seismic crews
- Robust cap assembly for easy plantation of sensor in the field
- Impact Resistant Material
- Cable entry kits water proof for marsh environment
- Gold plated pins & sockets assure positive electrical connections
- Maximum strength in rugged field condition
- Operating temperature range: -20°C to +70°C
- Pressure Rating: Up to 3 bar
